EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Phillip Polster on Nov. 4, 2004.

The application has been amended as follows:

In claim 5, line 2, delete "comprising" and insert "consisting of".

In claim 16, line 2, delete "comprising" and insert "consisting of".

In claim 58, line 1, delete "56" and insert "57".

2. The following is an examiner's statement of reasons for allowance: In all the art applied against the claims, the active layer is not expandable as per instant claims 1, 14, and 55. By "active" the Examiner is interpreting "active" as capable of being expanding as the Applicant's specification describes at page 9, lines 15-16. Thus the invention is allowable on this basis.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
